

3m x 3m Gazebo  
**SET-UP MANUAL**

# Adventure Kings Gazebo Set-up Manual

## STEP 1: CHOOSING AN APPROPRIATE SITE

Pick an area with level ground & sheltered from wind. Remove any debris that could compromise the stability of the ground.

## STEP 2: UNPACKING THE GAZEBO

Unpack your Gazebo from the carry bag & place the Gazebo's frame up-right. With the help of another person, grab opposing corners and gradually move away from each other. Ensure that frame is opening evenly and is not snagging at any point; move between the legs making sure the frame is opening in a square. As shown in Figure 1, open the frame until it is just short of its maximum size. This makes installing the cover significantly easier.

## STEP 3: INSTALLING THE GAZEBO'S CANOPY

With the Gazebo's frame almost fully extended out; take the Gazebo's cover out of the bag and place it over the frame, as shown in Figure 2. Attach the Velcro points found in the corners of the cover and the frame together, shown in Figure 3.

## STEP 4: LOCKING THE GAZEBO'S STRUCTURE AND SECURING THE COVER

With the cover successfully installed to the Gazebo's frame, finish extending the frame out horizontally. Then, grasp the sliding bracket (Figure 4) and slide the bracket upwards so that it locks into position in each of the four corners.

After each corner of the Gazebo is locked into place, secure the four webbing straps (Figure 5) to the frame. The Gazebo's cover should fit firmly over the frame ensuring water will run evenly off the Gazebo.

## STEP 5: ADJUSTING THE GAZEBO'S HEIGHT

The Gazebo has three different height settings to choose from. To adjust the Gazebo's height, press in the leg lock and slide the leg to the desired height. Make sure that all the legs are adjusted to the same height and that all the legs are locked into position.

## STEP 6: SECURING THE GAZEBO TO THE GROUND

With the Gazebo fully assembled, it's now important to secure it to the ground. As shown in Figure 7 and 8, peg the frame down with the provided pegs and/or Guy ropes. Check that all the pegs are firm and secure in the ground.

NOTE: It is highly recommended that extra measures are to be used to secure your Adventure Kings Gazebo to the ground in windy conditions. In extreme circumstances the Gazebo should be packed away to prevent damage. Outdoor Supacentre PTY LTD trading as '4WD Supacentre' will not be held liable for Gazebo's that are damaged due to adverse weather.
